

## Stirling Homes Queensland THE INDIANA

The Indiana is a fantastic design inside and out. From first look your eyes are immediately drawn to the interesting front facade with the sloping skillion entry feature. Upon entry, you get the feel of an open plan home, but with the seclusion of a separate lounge or media area. This is a very marketable feature and a great idea for when the kids have friends over. The dining room flows out onto the alfresco area, perfection when entertaining friends. With everything you could possibly need, the only decision you need to make is where to build your new home.
