

## Stirling Homes Queensland THE DAKOTA

The Dakota is a beautifully presented home, and it is easy to see why it is one of our best selling designs. The front verandah creates an inviting entrance, with timber ballustrading and portico roof also gives this home a country style charm. Once inside you are greeted by the marvellous open living and dining areas. The master bedroom, with walk in robe and ensuite is separate from the other bedrooms, making for a perfect parents retreat. Bedrooms two and three are also kept separate from the main living and dining areas, giving the children a sense of privacy. This perfectly designed home, with all of its stunning features, is an unsurpassable home inside and out.

### FLOOR PLAN

<b>FLOOR AREA:</b>	112.5m <sup>2</sup>
