The California is a stunning 4 bedroom Hebel render home with modern mixed cladding on the exterior. This contemporary design incorporates not only a kid's retreat area, but also a parent's retreat with a large walk in robe. The ensuite features a bath, shower and 1800 vanity unit. The parent's retreat also has its own hardwood deck to unwind and relax after a hard days work.

The living and dining areas are open plan, with coffered ceilings, giving a spacious feel. The living areas flow out onto a beautiful hardwood entertaining deck. The California is a fabulous design you could be proud to call home.
